FOR IMMEDIATE RELEASE
12 P.M. CST, February 5, 2009

ELECTRIC TRANSPORTATION OF ARKANSAS CELEBRATES ITS FIRST YEAR IN BUSINESS.

On February 4th 2009 ETA celebrated its One Year Anniversary. We are happy to announce that, even in tough economic times, we consider our first year to be a success! Having sold vehicles in a five state radius, we have helped dozens of people travel THOUSANDS of miles without a single drop of gas! Can it be? You may ask yourself. YES IT CAN! Whether our customers' concern was for the environment or their bottom line, Electric Transportation of Arkansas had the vehicle for them.

We have many exciting things coming down the pipeline, from our manufacturers (new vehicles as well as improvements to existing models), and the government (possible tax credits for the purchase of plug-in electric vehicles). 2009 promises to be an even more exciting year. Get on the path to a better and brighter future, and let Electric Transportation of Arkansas help you "Go Green, Save Green".
